"». It would parhaps seem unnecessary after giving the above title-page to say anything further in the way of recommendation. The name of the author should of itself be a sufficient guarantee of its worth. Ill. Bro. Pike, by his learning and contributions has done as much to elevate the standard of Masonic literature and extend a knowledge of its symbolism, ethics and history as any other living man. This book, in its particular department, may justly be considered a master-piece, embedding mater not only useful to the Masonic student of every grade, but to men of science in the highest literary field of the present age. Notwithstanding this book has been praceded by several of a similar character, yet to Bro. Pike alone is due the honor of first exploring this branch of Masonic literature and of opening to the admiration of the Craft its vastatorehouse of knowledge and beauty. This work centains the degrees of the Ancient and Accepted Rite from the fourth to the fourteenth inclusive, is eleganity illustrated with chromolithograph engravings, showing all the jewels, costume, furniture, etc., belonging to each degree. No expense has been spared in getting it up, and it is without doubt the most elegant, se well as one of the most useful books, ever offered to the Fraternity.
